

DIMOND ARCHITECTS

Dimond Architects, based on the Sunshine Coast, Queensland, is celebrating ten years of professionalism and passion in design. The firm approaches each project design mindful of clients' unique needs and requirements, striving to maintain the highest standards of professionalism and service. Client relationships are a key focus at Dimond Architects, the belief that cultivating strong partnerships aids the creation of successful projects which exceed client expectations.

Having worked on a multitude of projects, both residential and commercial, this talented and dedicated team works with a vision to attain pre-eminence in architectural design combined with excellence in service and systems. With a strong belief that the integration of interior and exterior space is an important part of design, the team at Dimond Architects approaches each design project with passion, excellence and integrity.

Dimond invites *Belle* readers for an obligation free consultation to discuss potential projects.
